

Reporting to: Managing Quantity Surveyor or Senior Surveyor

Purpose: The day to day financial and cost control and reporting of one or more developments from the Award up to and including completion of client and sub-contract final accounts, recovery/discharge of all retentions and completion of archive material

Achieving Results

- Effective commercial control of all allocated projects/developments including provision of timely and accurate documentation in accordance with the Surveying timetable, in particular PPRs, all elemental reconciliations, cash flow forecasts, etc.
- Establishment of appropriate targets/rates and remeasurement/evaluation of labour only/direct labour outputs.

Managing the Process

- Effective cash management including pursuit of timely Applications/Certification/Invoices/internal notices and receipts, careful administration of subcontractor accounts, at all times being cognisant of the need to cultivate effective/longstanding relationships and promote dispute avoidance.
- Keeping the Managing Surveyor informed of the progress of all accounts both Client and Sub-contract through to finalisation, including, the release of retentions.
- Ensuring, in conjunction with the Managing Surveyor, that payments/notices are effected in accordance with the Sub-contract and Construction Act and in particular, ensure any commercial threats to Projects are identified swiftly and communicated to the Managing Surveyor.
- Contract Administration - attending monthly project and client meetings and ensuring that surveying information and cost advice is provided in an accurate and proficient manner.
- Propose and evaluate value engineering and improved buildability solutions.
- Where required, ensuring that the procurement of sub-traders and suppliers is undertaken in a timely and cost effective manner in liaison with the Managing Surveyor, ensuring that packages are robust and buying gain is optimised.
- Timely production of the Main/Subcontract Final Accounts, including re-measurement as necessary to facilitate the optimum result, evaluation of all variations and loss and/or expense issues.
- Evidence a suitable knowledge of/ensure compliance with the Company's policies and procedures in respect of Health, Safety, the Environment, LIBMS, I.T. and Human Resources.

Serving the Customer (Internal and External)

- Effective interaction with other members of the project team promoting the commercial perspective on all issues.
- Form and develop relationships with client, PQS and Design Team.
- Form and develop relationships with supply chain.
- Working effectively with Site Management and rest of Team.

Delivering Quality

- Promoting best practice and supporting the Managing Surveyor in application of the Commercial Standing Instructions.
